#### CHARGES AGAINST RICKARD

AND PEREMPTORY DISMISSAL OF BELLEVUE AUDITOR.

Examination Into Altered Bills for Supplies Followed by Suspension of the Acting Superintendent-Bills Not Raised, but Changed for Some Reason.

The inquiry into certain accounts of Bellevue and Allied Hospitals resulted esterday in the suspension of Michael J. Rickard, assistant superintendent of the institution, the dismissal of Frank Echstein, auditor, and the reprimanding of George A. White, a bookkeeper. There were five specifications against each of the three employees to the effect that they had furnished false bills for fruit and vegetables to the finance committee of the Board of Estimate.

The hearing of witnesses in the investigation was begun Monday by the Board of Trustees and the Commissioners of Accounts. The board will meet to-day to draw up formal charges against Mr. Rickard. He will have until the next alry bade New York good-by yesterday regular meeting of the board to put in morning and left for Fort Ethan Allen Rickard. He will have until the next his defence and show why his suspension shall not be made dismissal. Mean while he is barred from the grounds. Bellevue has been his home for thirtyeight years.

There is no charge that the amounts were raised, but it is alleged that other supplies than appeared were really bought. The purchases were legitimate and the motive for changing the bills has not yet appeared.

Among the other interesting statements made by witnesses was one made by a woman stenographer in the hospital, who said that she was ordered by Assistant Superintendent Rickard to make opies of the original bills, and that afterward the originals, along with the dealers' account books, were destroyed. A few original bills that had escaped destruction formed the basis for the inquiry. Dr. Winford H. Smith, general medical superintendent of the hospital, heard that changes were being made in

medical superintendent of the hospital, heard that changes were being made in bills and ran the deceptions down through bookkeepers in the office.

Rickard has been in the hospital since 1871. He was first employed by the hospital as a messenger after he had been discharged as a patient. A crushed right leg which was the cause of his being taken to Bellevue in July, 1871, later was amputated. He was 17 years old at the time and could neither read nor write. After obtaining the position in the hospital he studied telegraphy and stenography in Cooper Union. He has been a register clerk, steward and purchasing agent in the institution.

#### CUBAN CUT A NEGRO.

Then He Cut and Ran, but Was Overhauled by Murphy the Cop.

Mile a Minute Murphy, cop, had the run of his life last night after a fleet Cuban. Miguel Boda, who lives at 341 West Forty-first street, was sitting in his back yard with a number of men last night when Walter Baptiste, colored of 412 West Thirty-ninth street, one of the men in the party, made fun of some girl Boda knew. Boda drew a penknife and cut a small piece out over Baptiste's right eye. Then he started running

Murphy saw him come from the house and gave chase down Forty-first street to Eighth avenue, where the course turned southerly, with Boda leading and gaining. A man in a touring car took Murphy aboard at Fortieth street, and Boda ran into a house on the corner of Thirty-ninth street. He went through the house into the back yard and began climbing fences. Murphy got there at the time Boda was making his second fence and began the climb after him. Murphy was proving a better hurdler

Murphy was proving a better hurdler than Boda and when the policeman was only one fence behind Boda left fences and went through a building to Thirty-eighth street. Murphy got after him again and after going into and out of another house on Thirty-seventh street Boda straightened away down Eighth avenue.

Boda came to grief soon after by looking back to place Murphy. He was running easily at the time and had a lead of nearly half a block. He turned to look backward at the southeast corner of Thirty-sixth street. On that corner William Lieberman has a clothing establishment. In front of it are a number of glass showcases. Boda ran plump into a big case. He went through the glass front and landed in the showcase among suits of clothes. By the time he got himself extricated Murphy had closed the gap and collared him. He was taken to the West Thirty-seventh street station and charged with felonious assault by Baptiste. Dr. Mekenna of New York Hospital took four stitches over Baptiste's eye and also patched up a number of glass cuts on Boda.
